1 About the amendment

1.1. Short title

This amendment may be cited as the Mixed Use Zone Amendment.

1.2. Purpose

- (1) The purpose of this amendment is to implement Council's vision and strategy for employment land in Logan.
- (2) Council endorsed the Employment Lands Strategy in June 2020 (the Strategy). The Strategy defines employment land as land zoned Mixed Use, Low Impact Industry and Medium Impact Industry. The Strategy seeks to provide greater certainty for residents and the development industry by identifying Council's planning intent for the different employment areas, rationalising the range of allowable land uses, reducing the oversupply of Mixed use zoned land and undersupply of market ready Low impact and Medium impact industry zoned land.
- (3) To achieve these outcomes, the Mixed Use Zone Amendment:
 - (a) introduces four precincts within the Mixed use zone;
 - (b) identifies preferred land uses for each new precinct;
 - (c) optimises the zoning of industrial land.

1.3. Commencement

(1) This amendment commences on the day specified in the gazettal notice.

1.4. This report

- (1) This explanatory report is provided to the Minister for State Development, Infrastructure, Local Government and Planning in accordance with section 20 of the *Planning Act 2016* and the Minister's Guidelines and Rules.
- (2) The report provides a statement addressing:
 - (a) the nature and details of the proposed amendment;
 - (b) how the amendment reflects state interests in the South East Queensland Regional Plan (SEQRP) and State Planning Policy July 2017 (SPP).
- (3) In this document, the proposed changes to the planning scheme are presented as a strikethrough (e.g. strikethrough) where text is being omitted and <u>underlined</u> where text is being inserted.
- (4) Where new provisions have been inserted, subsequent outcomes have been renumbered but are not shown in this document. Refer to the full planning scheme amendment documents for these changes.
- (5) Where maps or figures are part of the proposed changes, an image of the map or figure has been included, with an embedded hyperlink. Activating the hyperlink will display the PDF map or figure to facilitate a more detailed review.
- (6) Changes made to the Amendment as a result of submission reviews following public notification, are identified in yellow highlighting in Part 4 of this report.
- (7) Attached to this report are the locational precinct maps for the Mixed use zone (Attachment 1), the mixed use land use table for the Mixed use zone precincts (Attachment 2), the rezoning map for the properties to be rezoned from Mixed use and Low impact industry to Low impact industry and Medium impact industry respectively (Attachment 3), and a list of all the Mixed Use Zone Amendment's affected properties. Maps are updated to reflect changes mentioned in (6) above.

2 Proposed amendments to the planning scheme

2.1. Introduction of four Mixed use precincts

2.1.1. Background

- (1) The local government amalgamations in 2008 resulted in Logan having three planning schemes. In 2015 a new planning scheme replaced the three schemes and many of Logan's former industrial areas were included in the Mixed use zone without any precincts. The Mixed use zone was utilised throughout Logan in both existing and greenfield locations as a one shop fits all with the intention to introduce flexibility to the range of uses that could be developed across the city to generate employment and economic outcomes. This policy position allowed for all the mixed use areas to be developed similarly without considering the different mixed use areas unique development patterns and characters.
- This created concerns since some mixed use areas allowed a broad range of land uses, even allowing sensitive land uses (i.e. schools, childcare centres and community care centres) to be co-located and in direct conflict with industrial uses. If a sensitive use development proceeds it has the potential to impact future mixed use developments, especially industrial developments, due to constraints that will be placed on industry such as noise, emissions, hours of operation and buffer areas. This policy position and the absence of Mixed use precincts didn't allow different areas to be developed with a distinctive mix of uses and character.

2.1.2. The proposed amendment

- (1) Within the Mixed use zone there are areas that have a distinctive mix of uses, character or development pattern. These characteristics have contributed towards the identification of four precincts, each with a specific focus and character. Each precinct has a specific land use mix of compatible and synergistic uses that will create certainty of land use mix and promote business confidence. Each precinct provides a clear vision of the different areas and spells out Council's policy intent for each mixed use area.
- (2) The four precincts are:

Precinct	Name	Purpose
1	Industry	To accommodate industrial uses and to exclude sensitive uses from the area. Sensitive uses such as childcare centres, community care centres, educational establishments (schools) and retirement facilities, should not be allowed in areas that are predominantly industrial.
2	Retail/commerce	To accommodate industry associated and related retail (not supermarkets), showrooms, offices, and research and technology and service industries. Retail activities should not have unacceptable adverse effects on any existing or planned centre. These areas are highly accessible, have visible frontages, micro/small to medium scale sites, and have mainly local catchments, serving the local workers.
3	Enterprise	To accommodate a diverse range of mixed uses consisting of industrial, and industry associated and related retail (not supermarkets), showrooms and offices that do not have unacceptable adverse effects on any existing or planned centre. This precinct is a combination of the Industry and Retail/commerce precincts.
4	Abattoir	To accommodate the Teys abattoir, which is a High impact industry located in Holmview. The use is protected in the planning scheme's Strategic framework ensuring its continued operation as a key regional employer. It is the only business in the Mixed use zone that requires a unique precinct in Logan.

(3) The locational maps of the four precincts are displayed in Part 4. Maps of the different employment areas indicating the different precincts are also attached to this report and are colour coded to

correspond with the above precinct table. See maps 1 to 11 in Attachment 1 - Mixed use precinct overview map and locational precinct maps.

2.2. Rationalisation of land uses

2.2.1. Explanation

- (1) The Mixed use zone of the Logan Planning Scheme 2015 is an agglomeration of the Centres locality from the historic Logan Planning Scheme 2006 and Industry 1 (high impact) and Industry 2 domains of the historic Gold Coast Planning Scheme 2003 and Industry, Future Industry and Mixed use zones of the historic Beaudesert Planning Scheme 2007. The Mixed use zone of the Logan Planning Scheme 2015 supports 46 different uses, compared to 25 and 28 respectively in the Low impact and Medium impact industry zones.
- (2) A number of sensitive land uses are supported in the Mixed use zone and include Childcare centre, Community care centre, Educational establishment and Hotel. This wide variety of mixed uses, including sensitive uses, increases uncertainty and may discourage investment, especially in large expansion Mixed use zoned areas such as Park Ridge where business activity has yet to establish
- (3) In the Logan Planning Scheme 2015, sensitive uses have a separation distance from Special industry (1,500m), High impact industry (500m) and Medium impact industry (250m) uses. These sensitive uses and separation distances act as a deterrent for industrial uses to locate in Mixed use zoned areas and justifies the policy position of not supporting sensitive uses within industrial areas. Sensitive uses take up, in many instances scarce land intended for industrial uses (see paragraph 2.3.1(3)).
- (4) The uses within the Mixed use activity group of the Logan Planning Scheme 2015 was reviewed as part of the Strategy to evaluate the impact and compatibility of some listed sensitive uses with mixed uses (containing industrial uses). The review recommended to increase business confidence and attract new development through the introduction of mixed use precincts which state the uses, role and future direction of mixed use areas to allow for more realistic employment planning over the short, medium and long term. This was a further justification for the creation of Mixed use precincts.

2.2.2. The proposed amendment

- (1) To address the broad mixed land use mix, containing sensitive uses, it is proposed to define a unique land use mix for each of the abovementioned four precincts to reflect their purpose and intent and to guide future land use decisions.
- (2) The amendment's proposed land use mix for each new Mixed use precinct is displayed in Part 4 of this report, as well as Table 1 in Attachment 2 to this report (also colour coded to correspond with the above precinct table in part 2.1.2). The exclusion of sensitive uses in the Industry and Enterprise precincts is evident.

2.3. Optimising designated employment land

2.3.1. Explanation

- (1) Findings of the 'Employment Land Study Report' and the 'Industrial Land Study Report', which informed the Strategy, indicate that Logan has an oversupply and underperformance of some employment land in the Mixed use zone and a limited supply of vacant development-ready Medium impact industry zoned land.
- (2) The Logan Planning Scheme 2015 provides for more than 800ha of Mixed use zoned land. In comparison, 180ha of land has been zoned for Low impact industry and 395ha for Medium impact industry.
- (3) More than 95 percent of all Medium impact industry zoned land in Crestmead and Loganholme has been developed with only seven vacant sites left in Crestmead and four vacant sites in Loganholme. Medium impact industry zoned land in Kingston-Loganlea-Meadowbrook face is constrained by size, access, levels of amenity and flooding. Park Ridge currently offers the only feasible supply of Medium impact industry zoned land, and future Medium impact industry land in Logan (as illustrated in the Strategic Framework of the Logan Planning Scheme 2015), but faces challenges around lack of infrastructure (water, sewerage and road network connections), land fragmentation, road access to major transport routes and encroachment by incompatible (sensitive) uses.

2.3.2. The proposed amendment

(1) The proposed amendment seeks to rezone some Mixed use zoned land and Low impact industry zoned land in the Crestmead industrial area fronting Green Road to Low and Medium impact industry respectively. These locations are adjacent to Medium impact industry zoned land and the rezoning of this land will protect and attract similar uses already prevailing in the area. This proposed change is in accordance with recent development approvals for rezoning low impact industry uses to medium impact industry uses. The amendment's proposed rezoning is displayed in Part 4 of this report, as well as in the map of Attachment 3 (Rezoning map comparison).

3 State Interests

3.1. **SEQRP**

The Amendment is consistent with the overarching goals of the South East Queensland Regional Plan 2017 (Shaping SEQ), as demonstrated by the assessment against the plan's goals below:

Goal 1: Grow - SEQ has a consolidated urban structure of well-planned and more complete communities. There is housing choice and sufficient land to accommodate the projected population and employment growth in an affordable and sustainable way to meet the community's changing lifestyle needs.

How the amendment addresses Goal 1:

The Amendment provides guidance on the future development of industries within the Mixed use zone. The Amendment will contribute towards accommodating Logan's urban growth needs in the Urban Footprint in an efficient manner by ensuring Council provides adequate land supply for employment growth over the next 25 years.

Goal 2: Prosper - SEQ has a globally competitive economy focused on high-value economic activities supported by population-serving jobs. Regional Economic clusters will leverage traditional strengths and competitive advantages to advance the economy, strengthen our global and national relationships, and embrace emerging technology and new opportunities.

How the amendment addresses Goal 2:

The economic transformation of the city is a key priority in Council's Corporate Plan and this Amendment supports strategic objectives of Council to appropriately plan the employment land in conjunction with existing industries, and to attract new employment growth opportunities. The Amendment provides Council with clearly defined directions to promote and facilitate the development of existing and future Mixed use, Low and Medium impact industry zoned land in Logan and to provide certainty for business, investors and the community about Council's plans for employment land and the creation of jobs.

Goal 3: Connect - SEQ is a region of more complete and interconnected communities supported by a multimodal and integrated regional transport system. The system is frequent and reliable, and prioritises public and active transport for people, and freight networks for goods. Infrastructure networks and services enable efficient and sustainable development, economic growth, and social benefits throughout the region.

How the amendment addresses Goal 3:

The Amendment will contribute to the delivery of an efficient, consolidated urban form that integrates economic activity and transport. Many of the employment areas are situated in close proximity of and with access to the Logan Motorway and the Gateway Motorway, permitting the movement of goods and services via key freight connections.

Goal 4: Sustain - SEQ's biodiversity, natural assets and regional landscapes are protected and nurtured to sustain our region's strong and diverse communities. These communities are safe, fair, sustainable, resilient, and prepared for climate change. Together, our environment and communities will ensure future generations enjoy a high-quality of life and affordable living options.

How the amendment addresses Goal 4:

The planning scheme addresses issues relating to environmental protection and natural hazards through the relevant overlays. These overlays will continue to apply, where relevant, within the Amendment area.

Goal 5: Live - SEQ is a region of great places that respond to our outstanding climate based on good design that creates an urban form delivering year-round outdoor and energy-efficient living in a leafy, subtropical landscape.

How the amendment addresses Goal 5:

The Amendment maintains the need for development generally in the zone and precincts to provide an attractive built form incorporating best-practice design elements, all of which contribute to the liveability of our urban environments.

3.2. State Planning Policy

The Amendment has been prepared consistent with the state interest policies and assessment benchmarks in Part E of the State Planning Policy (SPP) and, where relevant, have been considered as follows:

- Planning for liveable communities and housing The Amendment is consistent with the outcomes for liveable
 communities including built and natural environment outcomes that support a mix of land uses that meet the
 diverse demographic, social, cultural, economic and lifestyle needs of the community.
- Planning for economic growth The Amendment is consistent with the outcomes for development and construction under the SPP by developing effective planning policies that support the city's commercial and industrial sectors.
- Planning for safety and resilience to hazards The State interest for emissions and hazardous activities are addressed by the acceptable and performance outcomes of the proposed new precincts in the Mixed use zone code.

4 Amendments to the planning scheme

4.1. Amendment to Part 1 About the planning scheme

4.1.1. Amendment to Table 1.2.1-Zones

Insert in column 2 against the Mixed use zone, the new precincts.

	Industry; Retail/commerce.

4.2. Amendment to Part 3 Strategic Framework

4.2.1. Amendment to 3.6.2.1 Specific outcomes of the Element – Employment diversity

Delete 3.6.2.1.8.d

- 8. The existing abattoir on Teys Road:
 - a. is expected to continue to operate and be a key regional employer;
 - b. is protected from development that may adversely affect its ongoing operation;
 - c. is able to be redeveloped, expanded or intensified as a <u>High impact industry</u> (Abattoir) where potential impacts on surrounding development are appropriately managed;
 - d. is only redeveloped for uses consistent with the Mixed use zone should the existing use no longer operate at this site.

4.2.2. Amendment to 3.6.3.1 Specific outcomes of the Element – Employment areas

Amend Specific outcomes 2. and 3. to align with the proposed Mixed use precincts.

3.6.3.1 Specific outcomes

- An employment area shown on SFM-01.00 Strategic framework map:
 - a. is not alienated, fragmented or encroached by development that may adversely affect the operation of an employment based use;
 - b. accommodates employment based uses that because of their size or nature cannot reasonably be located in a centre;

Editor's note - Centre uses should be located in centres unless the requirements of section 5.8 are met.

- c. is consolidated by promoting the agglomeration of employment uses;
- d. provides high quality places for people to work;
- e. may include appropriate small-scale supporting uses compatible with the zone.
- Employment areas <u>identified on SFM-01.00 Strategic framework map in the Mixed use zone have:at Slacks Creek, Underwood, Crestmead (north of Browns Plains Road), Kingston, Jimboomba, Meadowbrook, Loganholme, Park Ridge, Berrinba, Bethania, Beenleigh, Browns Plains/Hillcrest and Holmview have:
 </u>
 - a. a range of <u>low impact</u> uses such as Low impact industry, Service industry, Warchouse and compatible non-industrial and business uses that do not inhibit the land being used as <u>an</u> employment areas in the <u>long term</u> where in the <u>Enterprise</u> <u>precinct or Industry precinct</u>;
 - b. knowledge based employment a range of business uses such as shops (excluding a supermarket), showrooms, offices
 and research and technology and service industries where in the Retail/commerce precinct;
 - c. a use for an abattoir where in the Abattoir precinct.
- Employment areas <u>identified on SFM-01.00 Strategic Framework map have at Park Ridge, Logan Village, Grestmead (south of Browns Plains Road), Meadowbrook and Kingston include <u>Low impact industry uses where in the Low impact industry uses and Medium impact industry uses where in the Low impact industry zone and Medium impact industry zone.</u>

The Mixed Use Zone Amendment includes a vast area in Logan and cannot be clearly displayed on a single map as part of this explanatory report. For this reason, extracts of the Zoning and Precinct Map (ZM-02.00) based on geographic areas are illustrated below. Land zoned Mixed use is orange in colour. The two letter abbreviation appearing within the blue precinct boundary identifies the applicable precinct.

Maps displaying just the land affected by the introduction of a precinct are also available at Attachment 1.

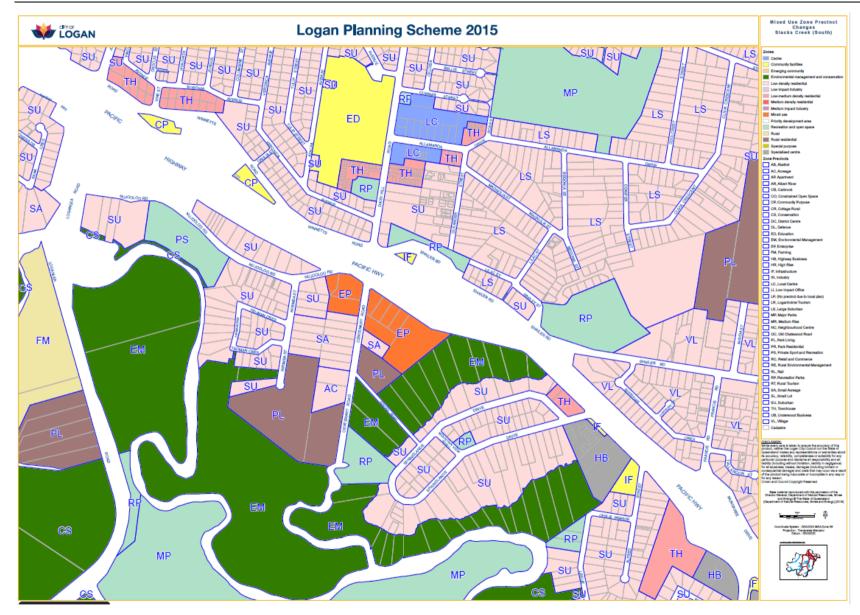

Where land is being rezoned from one zone to another, a map comparing the existing zone to the new zone is provided in Attachment 3.
